

Nanotechnology Training for K12 Science Teachers at the NSEC Center for Hierarchical Manufacturing

The CHM conducted its fifth annual Nanotechnology Summer Institute for K12 science teachers at UMass Amherst, July 11-15, 2011. Twenty-seven teachers learned from 10 nanotechnology modules with many hands-on activities for the classroom, including a lesson on self assembly. The teachers used these modules to develop curriculum plans that meet their particular teaching needs and satisfy state standards.
